

WELCOME TO NK COATINGS

The market leader in metal finishing services in Ireland.

Our processing plant is situated in Mallusk, on the outskirts of Belfast with easy access to the M2 motorway. The 25,000 sq ft facility offers a combination of services including hot dipped galvanizing, polyester powder coating, thermal breaking and shot blasting.

Offering a one stop shop means that NK oversees the preparation and coating stages of the process, allowing us to provide a high quality finish with long life anti-corrosion guarantees.

Operating 24 hrs/day with our own fleet of HGV lorries, the NK service offering is 2nd to none, designed to offer flexibility and rapid turnaround to meet customer's requirements.

Conveniently located off the M2 motorway, makes NK Coatings the first choice for many local companies including: steel fabricators, agricultural metalworkers, gates and fencing manufacturers and roller-shutter fabricators as well as the profiles aluminium construction market to name but a few.

Accredited as a company to ISO 9001:2015, NK Coatings galvanizes to EN 1461:2009 and powder coats to EN 13438:2013 and EN 12206:2004. We are an approved applicator of Akzo Nobel & Dupont.
